- SAA conducts monthly juried shows in their townhouse gallery to encourage unique use of color, mediums, space and subjects. The highest quality of our shows is assured by the renowned jurors we attract from neighboring museums and art galleries.
- On a national level we hold two juried shows: Faber Birren National Color Award Show in October and the Stanley and Vivien Reed Marine Art Show in May. Both have outstanding responses from Artists from all over the United States with large monetary art awards.
- Our annual High School Show in March gives us an opportunity to reach out into the community by supporting our young artists with Scholarship Awards.
- Our Downstairs Gallery gives new members a chance to organize a show, hang and present their work on an individual basis.

• OUR BEGINNINGS •

The Stamford Art Association (SAA) was established in 1971 as a non-profit organization for area artists, painters, sculptors, photographers of mixed mediums in Stamford, Connecticut. Since its inception, the SAA continues to serve the community and has grown to include students from Fairfield County High Schools with an annual exhibition. The SAA gallery is used to exhibit local and national works, providing a richness that is reflected in the variety of mediums and background of the ever changing association. The gallery is open free to the general public.

The Board of Directors and Officers are volunteers who run the shows and provide newsletters to the community and its members. Members are encouraged to volunteer and participate in monthly shows and local exhibitions to insure continued success.
